

POLYCONTACT

Polycontact is an innovative Swiss technology company based in Chur. For over 50 years we have been developing and producing unique, custom-built applications in the areas of micromechanics and sensor technology for the automobile industry

We are looking for candidates just like you!!!

If you are interested, want to be part of a young team which is building its own future, send us your resume at a.pais@polycontact.ro, or call us at 0799 909 970 (HR Department)

For internship program, we'll step inside the departments: Finance, Human Resources, Logistic, Production, Engineering, Quality
